2. It's a very old problem that
Goes back to the dark ages,
The wages of original sin,
Let's make it a better world,
Let's shake it up, boys and girls,
It's never too late to begin.

There's a fraction too much friction,
There's a fraction too much friction, yeah;
Men and women need each other,
Should be like sister and brother,
There's a fraction too much friction
Yeah, oh yeah.

3. I swallow my pride for you,
My personal highs bore you,
You're too wrapped up
In your own world,
I'm not a man for nothing,
I gotta become some one,
Inside this oyster there's a pearl.

There's a fraction too much friction,
There's a fraction too much friction, yeah;
Holding on to the bygone era,
Everybody shout 'cause wer'e getting nearer,
There's a fraction too much friction,
Yeah, oh yeah, oh yeah;
